

**JOB ADVERT: CLINICAL LABORATORY MANAGER AT GLOBAL HEALTH
SYSTEMS LABORATORY**

Job Type: Full-Time

About Us: Global Health Systems Laboratory is a leading healthcare provider committed to delivering high-quality medical diagnostics and patient care. We seek **two** highly skilled and motivated Clinical Laboratory Managers to oversee our clinical laboratories' daily operations in Douala and Limbe.

Key Responsibilities:

- Manage and oversee all laboratory operations, including specimen processing, testing, and reporting.
- Ensure all laboratory tests are conducted accurately, efficiently, and meet quality standards.
- Supervise, mentor, and provide leadership to laboratory staff and conduct performance evaluations.
- Develop and implement laboratory protocols, policies, and procedures.
- Maintain quality control programs, conduct audits, and ensure laboratory equipment is calibrated and functioning properly.
- Manage the laboratory's budget, supplies, and inventory, ensuring cost-effective operations.
- Collaborate with physicians, pathologists, and other healthcare providers to ensure seamless patient care and accurate diagnostics.
- Implements laboratory QMS and compliance with state regulations.
- Stay current with advancements in laboratory technology and diagnostic testing to enhance laboratory efficiency and innovation.

Requirements:

- Master's degree in Clinical Laboratory Science (Chemical pathology, Microbiology, Hematology, Immunology etc.)
- Minimum of 5 years of experience in a clinical laboratory, with at least 3 years in a supervisory or managerial role.
- Strong leadership, organizational, and communication skills.
- Ability to manage multiple tasks and work effectively under pressure in a fast-paced environment.
- Proficient in laboratory information systems (LIS) and other relevant software.

How to Apply: Please submit your resume and cover letter to globalhealthsystemslaboratory@gmail.com. Deadline: **30/10/2024**.
